# Support to the implementation of Circular Economy Strategy and Action Plan for Ukraine

## ABSTRACT

The project aims to provide comprehensive advisory and support services for the implementation of the Circular Economy Strategy and its related Action Plan in Ukraine, expected to be adopted by the Government of Ukraine in 2026. The assignment will support Ukraine's transition towards a sustainable circular economy model in line with EU standards and practices.

## PROCUREMENT COMPONENTS

### Legislative Harmonisation and Regulatory Approximation

- Alignment of Ukrainian legislation with EU acquis in the field of circular economy;
- Regulation of specific waste streams and value chains;
- Development of monitoring and reporting mechanisms.

### Market-Based Circular Economy Solutions

- Development of economic and financial instruments to promote circular business models;
- Support for private sector engagement and investment mobilisation.

### Awareness Raising and Capacity Building

- Public awareness campaigns;
- Educational initiatives and stakeholder engagement;
- Institutional capacity development.

### Innovative and Technical Solutions

- Development of technical specifications;
- Establishment of IT platforms and digital tools;
- Organisational and institutional strengthening measures.

The overall objective is to provide technical, regulatory and organisational support to facilitate Ukraine's sustainable economic transformation towards a circular economy

## PROCUREMENT INFORMATION

- Deadline for application – 16.03.2026
