September 25th, 2025 from 13:00 to 14:00 (CET) – online via Teams

Ukraine's Energy Sector: Business Opportunities

This event highlights the procurement opportunities within the **Ukrainian Energy Support Fund (UESF)**, established by the European Commission and the Ministry of Energy of Ukraine to address the damage caused by Russian attacks on critical energy infrastructure.

The Fund channels contributions from governments, international institutions, and corporate donors to cover the urgent needs of Ukrainian energy companies – including equipment, spare parts, fuels, and services required to restore infrastructure and maintain energy and heat supply.
